

Thank you!!

"UBU Today and the Cocoon team from Paris would like to thank the local community, the UBU Today team and everyone that attended for making the 2017 Cocoon US event possible. The growth and healing that occurred is beyond words.

My deepest gratitude to the participants that gave testimonies following the event. They paint a beautiful picture of our experience together. We look forward to seeing all of you and newcomers at upcoming events.

I encourage anyone that may be feeling called to attend an event to register today or call for more information @ 810-534-7172."
